Why NGen IT | The Profile

Faith. Confidence. Skill.

Why NGen IT?

Our objective is simple – PACING WITH NEXT GENERATION TECHNOLOGY. We have experienced through lots of clients, products & services in past 12 years. With continuous training & research, developed adequate knowledge to support our valued partners & customers.

Our commitment is simple - TO BE YOUR SERVICE PARTNER, NOT the Material Supplier only. With the partners & customers' trust, we have grown rapidly and achieved good reputation. Growing with partners is a tremendous inspiring in this IT sector, but when Client relies, it's a Sky-reach! Well, we do not satisfy unless we cannot keep continuing the service.

Having R&D & Enterprise Engineering Division with expert Sales & Presales team who can assist your queries and your required guidelines along with Project Manager & Other Team members.

Our History:

- Established on 2009
- Technology based Company
- Partner of **35** Principal Vendors
- **100+** Valued Customers
- **45**+ Local & Int'l Resellers

Our operations

- Dhaka, BD 1
- Chittagong, BD 2
- Kathmundu, Nepal 3
- Thimpu, Bhutan 4
- Singapore 5
- Saudi Arabia 6
- California, USA 7

With 12 Years of development, we have extended our business out of the country. As an IT Enable Service Provider, we are working as Software Developer, System Integrator, and Software Distributor of #1 several Software principals. We understand our Partners & Clients, not only by their requirements but with their benefits.

Since established in 2009, we are have provided lots of software development & licensing solution With Premier support services & corporate trainings. After 2012, we have started business in Nepal, Bhutan, Myanmar areas by networking with reseller partners. From 2014, we have extended business in Singapore & USA. Currently, we have 150+ clients through 45 partners in 5 countries.
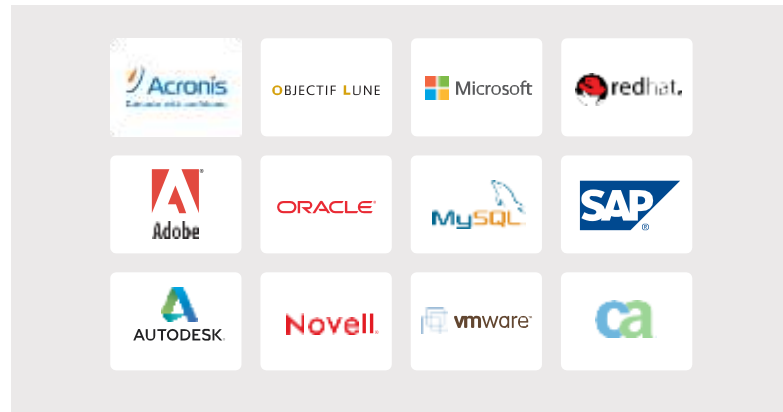

Beside Software Development Team, Having R&D and Enterprise Engineering Division with expert Sales & Presales team who can assist your queries and your required guidelines along with Project Management & Other Team members, we are confident to serve your organizations' need.
